Living Together before Marriage – Good Practice or Poor Choice?
Living together before marriage…

1) Is a good way to test the strength of a relationship
   1              2             3              4                5

2) Makes a couple better friends
   1              2             3              4                5

3) Helps couples iron out household duties
   1              2             3              4                5

4) Makes the transition to marriage smoother
   1              2             3              4                5

5) leads to easier relationships with in-laws
   1              2             3              4                5
